

Call today to schedule your lesson!

Visit the beautiful Pacific Northwest and Bashi Alé's Eugene, OR studio for a private flameworking lesson!

• **Flameworking 101**

Designed for the student who is just getting started with flameworking.

This two day course will cover: Safety, tools, setup, raw materials, cold seals, hot seals, punty's, use of color, shaping and all the techniques you'll need to form a solid foundation. Students should be ready to absorb a lot of information during this comprehensive lesson!

\$300

• **Beginners Course in Marble Making**

Are you interested in making glass marbles but don't know where to start?

This one day lesson will cover all the basic marble making techniques that you'll need to get started. Proper use of graphite molds, shaping techniques, applying color, pattern work and finishing techniques will all be discussed and demonstrated during this hands on lesson.

\$180

• **Advanced Marble Techniques**

Take your marble making skills to the next level with this one day lesson!

Designed for the experienced flameworker looking to evolve his marble art. Techniques that will be covered include, but are not limited to: Tube implosions, working with dichroic glass, fuming with silver and gold, surface patterns, achieving perfect shape, stringer control, color use and finishing techniques.

\$225

• **Wearable Art: Flameworked Pendants**

Learn the art of pendant making from one of the foremost glass jewelry designers in the country! Bashi Alé has spent countless hours perfecting his techniques and has a wealth of knowledge to share. Leave your mandrels at home and be prepared to take your jewelry to the next level. (1-3 years of flameworking experience is recommended prior to taking this one day course.)
